ERZINGER'S DAMAGED BY FIRE

JOHN MUSKUS' WIDOW SUES FOR \$1,000

SEEKS TO COLLECT ON LIFE INSURANCE POLICY OF SUICIDE MATE

HE ATE RAT POISON

Kyle Kendall Accuses Wife Of Desertion In Divorce Suit Filed Today

Mrs. Frances Muskus, widow of the late John Muskus of 789 North Dearborn avenue today filed suit in circuit court against the Illinois Mutual Relief association of Chicago, a life insurance company. Mrs. Muskus claims that the company has refused to pay the \$1,000 policy on the life of her husband who committed suicide on July 10th of this year by eating rat poison.

Attorney C. D. Henry, who filed the suit, stated that the company claims that the policy lapsed because of failure to pay the premium. Mrs. Muskus denies that the premium was not paid in the proper time and manner.

The policy was issued March 24, 1928. At the inquest conducted after Muskus' death, it was stated that he and his wife had not lived together for some time, she residing in their home and he occupying quarters in a shack at the rear of their property. His suicide is alleged to be based upon the fact that his wife was quarreling another man. Muskus was employed as a dish-washer in a local restaurant and was very well known in the community.

A suit for divorce was also filed for the October term of court today by Kyle Kendall, who charges his wife, the former Mabel Stewart, with desertion. Kendall's bill alleges that the couple were married in this city, June 6, 1927, and that the wife deserted on September 1st of the same year.

He also narrowly missed striking Fireman William Palmer who was standing on duty near a fire truck engaged in pumping water to the blaze.

INTENSIVE SEARCH FOR PUBLISHER

DIRIGIBLE LOS ANGELES, AIR-CRAFT AND SHIPS HUNT FOR MISSING MAN

OFF JERSEY COAST

Van Lear Black Last Seen Sitting On Deck Of His Yacht Monday Evening

New York, Aug. 20.—(AP)—Search by airplanes for the body of Van Lear Black, who vanished from his yacht Sabalo off the New Jersey coast on Monday evening, was abandoned today.

Three planes which pressed the hunt for the Baltimore publisher there was such a strong tide out to sea with ocean currents moving away from shore in such volume that little hope remained for the present that the body would be found near the coastline.

Coast guard boats, engaged since yesterday with the planes, the Sabalo itself and the naval dirigible Los Angeles in the search, were still standing by today, but Paul Patterson, editor of the Baltimore Sun of whose publishing company Mr. Black was chairman of the board, said the yacht was about to leave the site where the publisher was missed at about 9 o'clock on Monday evening after having apparently fallen over a deck rail from his craft.

He was last seen shortly after nine o'clock Monday night 18 miles south of Ambrose channel, sitting on the stern rail of his yacht, his legs entwined around the guard rails and one hand grasping a stanchion. He was smoking a cigarette. That day he had flown to Newport to see his two grandchildren, who were born to his daughter, wife of Lieut. Albert J. Bolton. He had boarded the yacht at the wharf of the New York Yacht Club, foot of Twenty-sixth street, about 6 o'clock, apparently delighted. Shortly after 10 o'clock, his valet went on deck to consult him. Mr. Black could not be found. Alarmed, the valet informed the captain, John W. Kelley.

CUSTOM AND MANNERISMS IN PALESTINE

INTERESTING LECTURE AT CHAUTAUQUA LAST NITE BY J. C. NAYPHE

MUSICAL PROGRAM

One Of Canada's Best Organizations Renders a Fine Program

One of the most unique lectures ever given in Kankakee was that of Julius Caesar Nayphe, given last evening at the Chautauqua. Although born in Damascus, Nayphe is a man of fine education, of Christian faith and culture and a thorough American.

Nayphe chose as his subject, "The Soul of the Holy Land," telling of the customs and mannerisms of the people of Palestine. "If you think the past month or two have been unbearably hot in this country," said Nayphe, "you should visit Palestine where an egg will cook in the sand in three minutes." His lecture dealt with the shepherd with his flock of sheep, the shepherd's manner of calling them and caring for them.

The platform upon which Nayphe appeared in the native colorful garb of the shepherd, was beautifully decorated with unusual tapestries from Palestine, one of the Good Shepherd with the lamb. He also displayed the various weapons used by the shepherd in protecting his flock.

After describing the ways of his people, the really high light in the speaker's address was brought forth in the explanation of the meaning of the 23rd Psalm, "The Lord is My Shepherd, I shall not want" and so forth through the Psalm. Nayphe explained the true meaning as it seems to the people of Palestine and to those in the audience, last evening came a new meaning of the words they know so well. The lecture last night may be described as the finest, most unique educational and fascinating as any given on the Chautauqua platform.

Music Party

In the afternoon a concert by the Maple Leaf Music Party was enjoyed by those attending. The Maple Leaf Music Party is one of Canada's best musical organizations from Toronto. The company is under the management and direction of Miss Maud Buschlen who is unquestionably the most popular lady soloist in Canada. Miss Buschlen favored the audience yesterday with several selections. She plays with a purity of tone, sweet and virile and with a sincere feeling. In addition to Miss Buschlen the company includes a pianist, two singers, soprano and baritone.

Junior Town

The Junior Town in charge of Miss Milliken is progressing in fine shape. Every morning the youngsters of the city meet with Miss Milliken at the big tent and a program is enjoyed and games played. Tomorrow afternoon a concert by the Carolina Jubilee singers is a program no one will want to miss. These singers are typical, old-fashioned, "way down south" colored Jubilee singers, and promise a most entertaining afternoon. They will be heard again in the evening at 8:30 o'clock following the lecture by William Rainey Bennett which will be given at 7:30 o'clock. Mr. Bennett in addition to being a lecturer, is the editor of The Platform World of Chicago and speaks each Sunday in a Chicago suburb to a group of intellectuals. "Bennett is different" and if you fail to hear him you will be the loser.

DIES AFTER BIG REUNION WITH FAMILY

WILLIAM MUNYON, MOMENCE, IS VICTIM OF HEART DISEASE TUES.

AS CHILDREN LEFT

First Time Family Was Together In 25 Years; Came From All Over Country

William H. Munyon, age 88, retired Momence farmer, was happily engaged for several days in observing a family union to which his six sons and three daughters came from all parts of North America. The excitement of the reunion was so great that Munyon was stricken with valvular disease of the heart at 4 o'clock yesterday afternoon and died.

Some of Munyon's children had come from cities in California and Oklahoma for the big celebration which was staged last Sunday. They did not depart until noon yesterday. It was the first reunion of the family in twenty-five years and all were happy as the dark angel of death had never visited them.

Munyon, who has been an invalid was exceptionally happy to see all of his children gather again beside the family hearth. It is believed by Coroner Octavius J. Carter, who conducted an inquest at 10 o'clock this morning in the Canada funeral parlors at Momence, that when the children left at noon yesterday that the reaction of the excitement caused by the reunion caused the aged man's demise.

Munyon was a farmer for many years around Momence. He was forced to retire about sixteen years ago when he suffered a stroke of paralysis. On January 10 of this year he broke his left leg when he slipped and fell on an icy walk.

STATE AIR TOUR GETS UNDER WAY

14 PLANES HOPPED OFF FROM CHICAGO ON SECOND ANNUAL FLIGHT

TO BE HERE SATURDAY

Aerial Armada Will Visit the Kankakee Airport; Then On to Aurora

Chicago, Aug. 20.—(AP)—Fourteen airplanes hopped off here today on the second air tour of the state under the direction of the Illinois Chamber of Commerce.

The contingent will visit 21 points during the four-day itinerary. The purpose of the flight, its sponsors pointed out, is to further civic interest in airports; to attract aviation industries to the state; and to stimulate public participation in flying.

Making stops of an hour or more at each city, the entourage was scheduled to land successfully at Elgin, De Kalb, Rockford, Dixon, Sterling, Kewanee and Moline today remaining at the latter through the night.

The fliers will continue to Monmouth, La Salle, Streator, Peoria, Bloomington and Decatur Thursday. They are charted to wing to Springfield, East St. Louis, Marion, Centralia, and Madison Friday.

Turning northwest to complete the tour, the aerial armada plans to include Champaign, Danville, Kankakee, and Aurora on its homeward journey to Chicago Saturday.

Douglas, Ariz., Aug. 20.—(AP)—Mrs. Gladys C. O'Neill, Long Beach, Calif., winner of four of the five laps of the women's National air derby, held a slight elapsed time margin over Marjorie Dolg, of Danbury, Conn., her nearest rival, as the contestants awaited the start of the sixth lap, today.

By winning the fourth and fifth laps yesterday, Mrs. O'Neill increased to more than 16 minutes her advantage over Miss Dolg, who has been the second finisher at each control point except Phoenix, where she was forty seconds ahead of the Long Beach flier.

All six of the original starters, who left Long Beach Sunday for the nine-day race to Chicago, reached here safely, although one, Ruth Barron, due to overshooting the Phoenix landing field by 110 miles Monday, barely reached the Arizona capital in time for the start of the forenoon flight to Tucson. Miss Dolg blew out a tire and collapsed a wheel at the noon control, but was neither injured nor delayed by the accident.

Greenwood, S. C., Aug. 20.—(AP)—Mrs. Mae Halzlip, of St. Louis, was injured seriously in a crash of her airplane eight miles east of Greenwood today.

Mrs. Halzlip was flying from Atlanta to Washington. She apparently got off her course and attempted to make a landing in a cotton field. A wheel gave way in landing and the plane ground looped.

She was brought to a hospital here unconscious.

AIMEE AND MOTHER HAVE FACES LIFTED

MAMMA SAYS SO; DEMANDS DAUGHTER APPEAR AND SHOW EFFECTS

MOM'S NOSE PUNCHED

Things Seem To Be Happening Quite Frequently In the Evangelist's Home

Los Angeles, Aug. 20.—(AP)—The mystery surrounding Aimee Semple McPherson's isolation at a Malibu beach cottage remained unsolved today as conflicting reports of illness, blindness, a face lifting operation, and a fist encounter with her mother went unanswered by the evangelist.

Guards stationed at windows and doors of the cottage, Mrs. McPherson denied herself to all but a few while from numerous purported official sources, emanated statements about her condition.

Mrs. Minnie Kennedy, mother of the evangelist, undergoing treatment for a broken nose which she says her daughter gave her, issued a demand that Mrs. McPherson return to her pulpit at Angelus Temple and show her congregation "the effects of the face lifting operation" she says the noted pastor underwent recently.

SECOND BLAZE IN 13 MONTHS AT STRUCTURE

FIRE DISCOVERED AT 1:20 A. M. BY RALPH STONE, MERCHANT COP

DAMAGE IS \$40,000

Business Resumed In Building Next Door; 40 Firemen Fight Blaze

For the second time within a space of thirteen months the Erzinger Pure Food store, 341 East Court street, was devastated by fire early today. The damage is roughly estimated by Levi S. Gray, secretary of the company, at between \$38,000 and \$40,000. This is the same damage which resulted in the fire of July 23, 1929.

Only the upper part of the building, the second floor and the roof, were damaged by flames in today's fire. There was no fire in the lower portion of the building, but the grocery stock is drenched with water and stock stored in the basement is submerged under more than three feet of water.

The fire was discovered at 1:20 o'clock this morning by Ralph Stone, night merchant police officer. When Mr. Stone made his rounds at that time, the front of the building, on the second floor in which the New York Central belt line freight offices are located, was a mass of flames. Employees in the bakery at the rear of the second floor did not know of the blaze and were busy with their baking when the fire department arrived. The first they knew of the fire was when the plaster on the ceiling of the bakery fell upon them and the flames broke through.

Fire Chief Emile Goudreau started an investigation this morning to determine the cause of the blaze. From present indications, the fire appears to have been caused by crossed wires in a large fuse and switch box set in the wall in the corridor near the front of the building on the second floor. This part of the building was burned beyond repair. Chief Goudreau stated that he would not be prepared to announce the result of his investigation for several days.

The fire spread rapidly and followed an upward course. When it had burned through the walls and ceiling near where the fuse box is located it received considerable draft in a vacant space of about four feet in height which separated the ceiling and roof. This compartment, according to Chief Goudreau, also caused the excessive damage in last year's fire. The space between the ceiling and roof is provided as an insulation against heat in the summer and cold in the winter.

The entire roof of the building was burned off. The walls and ceilings on this floor are badly charred and many valuable records which

Chicago Heights

Realtor's Picnic Thursday

The annual outing of the Chicago Heights Real Estate Board and their friends and fellow citizens is planned for Thursday, August 21, 1930, at the Blackhawk Resort, Flint Lake, five miles north of Valparaiso, Indiana.

The picnic committee has arranged a very interesting program of sports, the outstanding feature of which is the annual horseshoe pitching contest. It is said that all previous winners of this tournament are intending to combine with the winners of this year, and organize a national honorary horseshoe pitching fraternity which is to be called Omega Omega Omega. Instead of a horseshoe pitcher's fraternity, however, it will more than likely turn out to be a bull-thrasher's fraternity. Other forms of reducing exercises will be the tug-of-war, baseball game, and races. An added attraction are bridge and

bunco games, for the ladies. Another indoor sport will be there, but he does not care to have his name mentioned. Prizes have been provided for all events.

"A big dinner will be served in good old American style" at 12:30 daylight saving time, and will consist of fried chicken, with all the trimmings, corn on the cob, vegetables, rolls, coffee, dessert, and the old platter will be "chuck" full all the time," guaranteed one of the members of the committee. Besides this, there will be refreshments of all kinds, ice cream, soda pop, beer (quite close), crackers, jack-and no restrictions as to the amount.

A fine beach and bath-house is available at Blackhawk Resort as well as boats, and a high water slide. The beach is manned with life guards, and all precautions will be taken. Bathing suits can be rented if necessary.

Blackhawk Resort can be reached by following the Sauk Trail to the old Lincoln Highway east to Valparaiso. After crossing the railroad bridge into Valparaiso, where the Oil Service Station is located, turn left, straight east to street car tracks, then north and follow the tracks five miles to the resort. The total distance from Chicago Heights is about 37 miles. The cost of registration is \$3.00 per head for the adults, and \$1.00 for children under ten years of age. The committee suggests that those who are inclined to go to the picnic in other but old clothes are liable to go swimming before they get into their bathing suits.

The Misses Mary and Margaret Lucas of Debuque, Iowa, are visiting the home of Mr. and Mrs. James M. Whelan, 1646 Aberdeen street, Chicago Heights. Miss Margaret Lucas is the supervisor of physical education of the elementary schools of Debuque, and Miss Mary Lucas is principal of one of the schools there.

Mrs. Corina Landolina, 1613 Lowe avenue, gave birth to a baby girl yesterday at the St. James' hospital.

Mr. Aleck Mackenzie, Ridge Road, Homewood, Ill., and family are spending their vacation at Devil's Lake, Wisconsin.

DESIRABLE POSITIONS AWAIT GALLAGHER GRADUATES!

Young people who expect desirable positions must be better trained than the average. Employers are interested only in employees who can produce results. That is why Gallagher graduates are in demand, even in times of business depression.

Gallagher courses are highly intensive and are outlined to produce definite results. In addition to being thoroughly trained for business employment, Gallagher graduates are offered free position placement.

Early Registration Advisable

A choice of seven courses of study makes it possible to meet every educational requirement. Students who find it necessary to prepare for early employment may pursue courses in Stenography or Bookkeeping. Others who want a broad business education may take Administrative Courses in Secretarial Science or Accounting.

Registrations are now being made in the school office. Prospective students are requested to register early, before class quotas are filled. Fall term begins September 2
